EXPERIENCE BOLD DIMENSIONS WITH FLAWLESS DESIGN

Our 300x600MM and 800x800MM tiles offer the perfect blend of design and dimension. The 300x600MM size features a versatile rectangular format, ideal for wall applications, adding a modern and structured look to any space. The 800x800MM size brings a bold, spacious appeal with its large square shape, making it ideal for flooring that demands elegance and openness. Together, these sizes provide a complete tiling solution for both vertical and horizontal surfaces, ensuring style, symmetry, and functionality.

APPLICATION AREA

300x600MM and 800x800MM tiles are ideal for a wide range of residential and commercial spaces. The 300x600MM tiles are perfect for walls in bathrooms, kitchens, and feature areas due to their sleek rectangular format. In contrast, the 800x800MM tiles, with their large square size, are best suited for flooring in living rooms, bedrooms, offices, and showrooms, offering a spacious and elegant look. Together, these sizes offer seamless design flexibility, enhancing both vertical and horizontal surfaces with modern aesthetics and durability.
